Principal Financial Advisors, Inc. Overview

Making informed and effective asset allocation decisions may be one of the most important – and challenging – endeavors an employer undertakes for their retirement plan. This decision is key in determining whether the plan will meet its long-term investment goals and objectives. At the Principal Financial Group® (The Principal®), we understand the challenges and pressures employers face as a retirement plan sponsor, including the selection of optimal investment options.

For nearly 20 years, Principal Financial Advisors, Inc., a registered investment advisor, and a member company of the Principal Financial Group® has been providing asset allocation solutions for clients. Today, we manage over \$5.0 billion in assets overall and have over 400 clients using our advisory services for retirement plans.

Our mission is to provide high quality investment advisory and consulting services to help clients meet their goals and objectives by offering premier investment managers and customized asset allocation solutions.

The investment advisory services of Principal Financial Advisors, Inc., are consistent with the following core beliefs:

- 1) Strategic asset allocation decisions are key determinants of investor success.
- 2) Liability analysis and plan sponsor attributes dictate asset allocation decisions for defined benefit plans.
- 3) Diversification by asset class, style, and manager is the primary tool for limiting investment risk.
- 4) Value is added through manager selection.

Principal Financial Advisors, Inc., provides:

- 1) Benefits of the Principal Due Diligence ProgramSM provided by Principal Life Insurance Company.
- 2) Asset liability analysis for defined benefit plans and scenarios to help meet your plan's goals.
- 3) Assumption of fiduciary responsibility for asset allocation decisions.*
- 4) Experienced investment personnel.
- 5) Comprehensive reporting and top-tier client service.

Principal Financial Advisors, Inc., focuses on long-term asset allocation strategies with the goal of providing optimal return and risk scenarios to help meet your defined benefit plan's goals.

* The plan sponsor remains the named fiduciary of the plan, but Principal Financial Advisors, Inc., has been selected as the plan's investment advisor.

Portfolio and Strategic Asset Allocation Review

Please note that a slight variance between your plan's target allocation displayed in this report and its weightings is normal. This variance is due to changes in your account values caused by fluctuations in the market. We periodically initiate rebalancing transfers to bring the plan's assets back to its target allocation.

Investment Option Performance

Investment results shown represent historical performance and do not guarantee future results. Investment returns and principal values fluctuate with changes in interest rates and other market conditions so the value, when redeemed may be worth more or less than original costs. Current performance may be lower or higher than the performance data shown.

The gross total investment expense figure does not reflect any waivers or caps on the mutual fund or underlying mutual fund in which a Separate Account invests. Returns displayed are always based on net total investment expense.
