RE: AT&T Sitename EOGG Relo

Dear Mr. Vageline,

This letter is to serve as confirmation that Crown Castle will be building a new 150' monopole for AT&T Mobility to replace the existing water tower. The tower will allow collocation opportunities for others to share space on the monopole.

Should you have any questions please do not hesitate to contact me.

Sincerely,

A handwritten signature in cursive script that reads "Debbie Lewis".
