

Ref: Company Name Change

Dear Customer:

As you know, our organization began doing business as Lhoist North America in 2009 as we became more closely aligned in the marketplace with our ownership. We are happy to announce that effective December 31, 2011 most all of our operating companies will be officially joined under one name – Lhoist North America. We hope that this change will alleviate any confusion that has existed with respect to our name change. Only H.C. Spinks Clay Company, Incorporated will retain its current name.

Each of our operating companies' physical addresses, phone numbers, remit-to addresses and Federal Tax Identification numbers will remain the same. Below is a listing of the former names of our companies, along with the corresponding new legal name, and the state in which each entity is organized.
