**FLORIDA SHERIFFS ASSOCIATION,
FLORIDA ASSOCIATION OF COUNTIES &
FLORIDA FIRE CHIEFS' ASSOCIATION**

**FULL SIZE PURSUIT VEHICLES - RWD (POLICE PACKAGE)
SPECIFICATION #1**

2013 Dodge Charger (LDDE48)

The Dodge Charger (LDDE48) purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	★Western	★Northern	★Central	★Southern
BASE PRICE:	\$21,216.00	\$21,216.00	\$21,216.00	\$21,216.00

While the Florida Sheriffs Association, Florida Association of Counties and Florida Fire Chiefs' Association have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

**FLORIDA SHERIFFS ASSOCIATION,
FLORIDA ASSOCIATION OF COUNTIES &
FLORIDA FIRE CHIEFS' ASSOCIATION**

**FULL SIZE 4-DOOR COMMERCIAL UTILITY VEHICLES - 4X2
SPECIFICATION #23**

2013 Chevrolet Tahoe 1500 (CC10706/1FL)

The Chevrolet Tahoe 1500 (CC10706/1FL) purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$28,925.00	\$28,775.00	\$28,675.00	\$28,581.00

While the Florida Sheriffs Association, Florida Association of Counties and Florida Fire Chiefs' Association have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

**FLORIDA SHERIFFS ASSOCIATION,
FLORIDA ASSOCIATION OF COUNTIES &
FLORIDA FIRE CHIEFS' ASSOCIATION**

**FULL SIZE UTILITY VEHICLES - FWD OR AWD (POLICE PACKAGE)
SPECIFICATION #4**

2013 Ford Interceptor Utility (K8A)

The Ford Interceptor Utility (K8A) purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$24,558.00	\$24,380.00	\$24,500.00	\$24,500.00

While the Florida Sheriffs Association, Florida Association of Counties and Florida Fire Chiefs' Association have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

**15 PASSENGER VAN
SPECIFICATION #33**

2013 Ford E-350 Club Wagon Extended (S3B)

The Ford E-350 Club Wagon Extended (S3B) purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	★Western	★Northern	★Central	★Southern
BASE PRICE:	\$23,534.00	\$23,534.00	\$23,534.00	\$23,564.00

While the Florida Sheriffs Association, Florida Association of Counties and Florida Fire Chiefs' Association have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

**3/4 TON PICKUP TRUCK - 4X2
SPECIFICATION #40**

2013 Ford F-250 SD (F2A)

The Ford F-250 SD (F2A) purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	★Western	★Northern	★Central	★Southern
BASE PRICE:	\$17,746.00	\$17,243.00	\$17,589.00	\$17,589.00

While the Florida Sheriffs Association, Florida Association of Counties and Florida Fire Chiefs' Association have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

SPECIFICATION #40**

2013 Big Tex 14LX

The Big Tex 14LX purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$9,100.00	\$8,790.00	\$9,065.00	\$9,300.00

While the Florida Sheriffs Association, Florida Association of Counties and Florida Fire Chiefs' Association have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

SPECIFICATION #3**

2013 Isuzu NF154

The Isuzu NF154 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$37,607.00	\$37,607.00	\$37,607.00	\$37,607.00

While the Florida Sheriffs Association, Florida Association of Counties and Florida Fire Chiefs' Association have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

8000 Container Carrier

Since 1978, G&H Manufacturing has engineered exceptional products for the waste and recycling industry. We manufacture the #1 most requested hoist in the industry.

Innovative designs are combined with cutting edge technology and genuine craftsmanship, exceeding all industry standards and providing unsurpassed quality and assurance.

Self Leveling Forks with 8000 lbs. capacity. Optional G & H Rotator has a 6,000 lb capacity and rotates to empty containers.

Behind the Cab Tool Box or Side Mount Tool Box Option

Safety Latch & Prop

Counter Balance Valves

Standard interchangeable Poly Fenders

Optional Pintle Hook for towing an 8500 Container Trailer

The optional Rear Controls enable Fork operation from outside the Cab. These controls can also be used to hook and unhook an 8500 Container Trailer from the 8000.

Available Options

Rear Controls
Back up Alarm
Rotating Head
Spare Tire Rack
Side Mount Tool Box
Behind Cab Tool Box

Pintle Hitch
Air Brake Controller
Fire Extinguisher Rack
Electric Brake Controller
Rear Loader Attachment
Side Loader Attachment
Hot Shift P.T.O. (with automatic transmission)

Standard Features

Rolled Fenders
Two Spool Valves
Inside cab Controls
ISO 18/15/13 Certified
Belt driven-clutch pump
10 gallon Hydraulic Oil Tank
ISO 18/15/13 Oil Cleanliness Standard

8000 Container Carrier Specifications

Capacity	2 Thru 10 Cubic Yard Containers
Self Leveling Forks	1 1/4 in. X 4 in Bar, Front Loader Containers with Rotator 1 1/2 in. X 4 in.

2013 Ford Transit Connect (S6A)

The Ford Transit Connect (S6A) purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	★Western	★Northern	★Central	★Southern
BASE PRICE:	\$19,450.00	\$18,992.00	\$19,450.00	\$19,450.00

While the Florida Sheriffs Association, Florida Association of Counties and Florida Fire Chiefs' Association have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

**FLORIDA SHERIFFS ASSOCIATION,
FLORIDA ASSOCIATION OF COUNTIES &
FLORIDA FIRE CHIEFS' ASSOCIATION**

**4X4 LOADER BACKHOE WITH CANOPY (STANDARD STICK)
SPECIFICATION #28**

2013 Caterpillar 416

The Caterpillar 416 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$64,064.00	\$64,064.00	\$64,064.00	\$63,851.00

While the Florida Sheriffs Association, Florida Association of Counties and Florida Fire Chiefs' Association have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

 Hallandale Beach, FL 33009
 Via email: lgranda@cohb.org

February 6, 2013

Dear Mr. Granda,

*****Please note: The Florida Sheriffs Contract has separate specifications for the Sewer Cleaner Body and Chassis. This proposal does not include the cost for the chassis.***

Southern Sewer Equipment Sales is pleased to announce the opportunity for the City of Hallandale Beach to purchase a new Vac-Con Sewer Combination Cleaner Body from the Florida Sheriff's Contract No. 12-10-0905, Specification #42.

The base Vac-Con model on Specification #42 includes the following items:

- New Vac-Con Sewer Combination Cleaner Model V311HN/1000
- 11 Yard Debris Tank
- 80 GPM @ 2500 PSI Water System (Hydrostatically Powered by Chassis Engine)
- 3 Stage Centrifugal Compressor
- 1000 Gallon Fresh Water Capacity
- Hydraulic Rear Door Locks
- Front Mounted Fixed Boom
- Front Mounted Fixed Hose Reel
- 400' of Sewer Hose
- 20' Aluminum Tubes with Quick Clamps
- Sanitary Nozzle, Penetrator Nozzle
- Fire Extinguisher
- Triangle Kit

Base Bid Price: \$146,134.00

Optional Equipment:

- | | |
|--|--------------|
| 9 Yard Debris Tank to be mounted on a Single Rear Axle Chassis | (\$6,610.00) |
| Downgrade to 600' x 1" Hose Reel Capacity | (\$2,141.00) |
| 60 GPM @ 2,000 PSI Water Pump in lieu of 80 @ 2,500 | (\$2,185.00) |
| Articulating Hose Reel (includes Hose Footage Counter) | \$11,598.00 |
| Wireless Remote | \$3,819.00 |
| Dual Engine Configuration, Includes High Volume Hydrostatic Pump Upgrade and Auxiliary Engine Remote Oil Drain | \$9,487.00 |

Lighting Package: Boom Mounted Flood Lights, Rear Mounted Flood Lights, Front & Rear Mounted Strobe Lights with Limb Guards, Arrowstick & Hand Held Spotlight	\$3,943.00
LED Lighting Package: ICC LED Lights, Upgrade to LED Front & Rear Strobe Lights, Upgrade to LED Boom Mounted Flood Lights, Upgrade to LED Rear Mounted Flood Lights, Upgrade to LED Arrowboard, LED 4 Corner Strobe System – Bumper Mount	\$4,155.00
Municipal Performance Package #1: Storage Box Behind Cab, Debris Body Power Flush System, 50' Capacity Hand Gun Hose Reel, Low Water Alarm, Body Load Limit Alarm, Back Up Alarm, 2 ½" Water Drain Valve, 6" Knife Valve	\$7,284.00
Remote Grease Zerk Assembly Package: Boom, Debris Tank & Articulating Hose Reel	\$4,984.00
10' Telescoping Boom Assembly with Pendant Control Station, Replaces Fixed Boom Assembly	\$11,257.00
2) Folding Pipe Racks, Tank Mounted Driver's Side and Curbside <i>(unpublished option, includes 3.5% discount)</i>	\$4,747.80
200 GPM Pump Off System Mounted on Rear Door (unpublished option, includes 3.5% discount)	\$5,776.49

Final Model After Options: V390LHA/1000

TOTAL PRICE FOR VAC-CON BODY: \$202,249.29

The body price includes mounting the Vac-Con body to the chassis. Please review the Florida Sheriffs Contract for chassis options. The chassis supplier should drop ship the chassis to Vac-Con in Green Cove Springs, FL. The specifications should be approved by Vac-Con before ordering the chassis.

We appreciate the opportunity to provide this equipment to the City of Hallandale Beach. Please feel free to contact Drew Denmon at (772) 216-4351, if you have any questions.

Sincerely,

Mike Wood
General Manager

Truck Service	

Data Code	Description
AA3-034	SEWER/INDUSTRIAL VACUUM BODY

Engine

101-2NV	CUM ISC-350 350 HP @ 2000 RPM; 2200 GOV, 1000 LB/FT @ 1400 RPM
---------	---

Electronic Parameters

79A-075	75 MPH ROAD SPEED LIMIT
79B-000	CRUISE CONTROL SPEED LIMIT SAME AS ROAD SPEED LIMIT
79K-007	PTO MODE ENGINE RPM LIMIT - 1100 RPM
79M-001	PTO MODE BRAKE OVERRIDE - SERVICE BRAKE ONLY ENABLED
79P-002	PTO RPM WITH CRUISE SET SWITCH - 700 RPM
79Q-003	PTO RPM WITH CRUISE RESUME SWITCH - 800 RPM
79S-001	PTO MODE CANCEL VEHICLE SPEED - 5 MPH
79U-007	PTO GOVERNOR RAMP RATE - 250 RPM PER SECOND
80G-002	PTO MINIMUM RPM - 700
80J-002	REGEN INHIBIT SPEED THRESHOLD - 5 MPH

Engine Equipment

99C-010	2010 EPA/CARB EMISSION CERTIFICATION
99D-010	NO 2008 CARB EMISSION CERTIFICATION
105-001	ENGINE MOUNTED OIL CHECK AND FILL
014-099	SIDE OF HOOD AIR INTAKE WITH FIREWALL MOUNTED DONALDSON AIR CLEANER
124-1D7	DR 12V 160 AMP 28-SI QUADRAMOUNT PAD ALTERNATOR WITH REMOTE BATTERY VOLT SENSE
292-098	(2) ALLIANCE MODEL 1231, GROUP 31, 12 VOLT MAINTENANCE FREE 2250 CCA THREADED STUD BATTERIES
290-017	BATTERY BOX FRAME MOUNTED
282-001	SINGLE BATTERY BOX FRAME MOUNTED LH SIDE UNDER CAB
291-017	WIRE GROUND RETURN FOR BATTERY CABLES WITH ADDITIONAL FRAME GROUND RETURN
289-001	NON-POLISHED BATTERY BOX COVER
107-032	CUMMINS 18.7 CFM AIR COMPRESSOR WITH INTERNAL SAFETY VALVE
152-041	ELECTRONIC ENGINE INTEGRAL SHUTDOWN PROTECTION SYSTEM

Data Code	Description
016-1E6	RH OUTBOARD UNDER STEP MOUNTED HORIZONTAL AFTERTREATMENT SYSTEM ASSEMBLY TOP INLET WITH RH B-PILLAR MOUNTED VERTICAL TAILPIPE
28F-002	ENGINE AFTERTREATMENT DEVICE, AUTOMATIC OVER THE ROAD REGENERATION AND DASH MOUNTED REGENERATION REQUEST SWITCH

MACHINE
SPECIFICATION #42**

2013 Aquatech B-10
2013 Super Products Camel 200
2013 Vacall AJV 1010
2013 Vac-Con 11 Yard
2013 Vactor 2100 Plus

NOTE TO PURCHASERS: This is an **INCOMPLETE UNIT**. This is a bid award on a combination Sewer Cleaning/Vacuum Unit to be mounted on an appropriate sized cab & chassis truck. Agencies purchasing this unit will need to provide a cab & chassis truck of appropriate size, GVW, and, options necessary to have the selected combination Sewer Cleaner/Vacuuming Unit to be mounted on, or have the truck provider assist in ordering the correctly outfitted truck. Listed above you will find the model numbers of the units that will be included in the years contract.

ALL ITEMS FACTORY INSTALLED UNLESS OTHERWISE INDICATED

INSTRUCTIONS: Listed above, you will find the model numbers of the vehicles that will be included in this year's contract.

1. AIR/VACUUM SYSTEM:

- a. Positive displacement vacuum pump or centrifugal compressor
- b. 3500 CFM @ 14.5 inches of mercury, minimum
- c. Muffler
- d. Vacuum relief valves
- e. Centrifugal separator with clean out
- f. PTO or hydrostatic drive

2. DEBRIS TANK:

- a. 10 cu. yard capacity
- b. 45 degree hydraulic dump
- c. Top hinged
- d. Hydraulic door locks
- e. Sight glass or indicator
- f. Drain valve with hose
- g. Check ball system or vacuum breaker

3. BOOM ASSEMBLY:

- a. 270 degree hydraulic rotation

- b. Hydraulic up/down
- c. Clean out port
- d. Transport cradle
- e. 8" boom hose
- f. Pendant control

4. WATER PUMP:

- a. 2500 PSI, 80 GPM
- b. Pressure relief valve
- c. Wash down gun with relief valve

5. WATER TANK:

- a. 1000 gallon capacity
- b. Curb side fill
- c. Level indicators

6. HOSE REEL:

- a. 800' of 1" hose capacity
- b. 400' of 1", 2500 PSI hose supplied
- c. Power in/out
- d. Reel speed control system
- e. Position lock system
- f. Engine and hose reel controls
- g. Level wind

7. DRIVE SYSTEM:

- a. Hydrostatic, split PTO, or auxiliary engine

8. MISCELLANEOUS:

- a. Nozzles 15 degree and 30 degree for jet
- b. Wash down gun
- c. 8" intake tube 20' minimum
- d. Flexible hose guide
- e. Hose storage rack

**10 CUBIC YARD COMBINATION SEWER CLEANING/VACUUMING
MACHINE
SPECIFICATION #42**

2013 Vac-Con 11 Yard

The Vac-Con 11 Yard purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	★ Western	★ Northern	★ Central	★ Southern
BASE PRICE:	\$146,134.00	\$146,134.00	\$146,134.00	\$146,134.00

While the Florida Sheriffs Association, Florida Association of Counties and Florida Fire Chiefs' Association have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

**FLORIDA SHERIFFS ASSOCIATION,
FLORIDA ASSOCIATION OF COUNTIES &
FLORIDA FIRE CHIEFS' ASSOCIATION**

**30,000 LB. GVWR CAB & CHASSIS (DUAL REAR WHEEL) - 4X2
SPECIFICATION #9**

2013 Freightliner M2

The Freightliner M2 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	★ Western	★ Northern	★ Central	★ Southern
BASE PRICE:	\$37,945.00	\$37,945.00	\$37,945.00	\$37,945.00

While the Florida Sheriffs Association, Florida Association of Counties and Florida Fire Chiefs' Association have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

Additional Specifications:

PRODUCT

Emissions Application: EPA Mobile

ALTERNATOR

Alternator Regulator: SE350

VEHICLE #: 918

Drip shield: IP20
Alternator Space Heater: No
Exciter Field Circuit Breaker: No
Alternator Excitation: Standard
Alternator Model Number: 361PSL1601
Alternator Agency Approval: None

ENGINE

Engine Governor Type: Engine Mfr ECU
Oil and Coolant Drains: Yes
Coolant Radiator: Unit mounted
Coolant Heater: Standard tank type
Battery: Standard Starting Battery
Battery Quantity: 1
Battery Type: Group31 Style 12V 900 CCA Min
Battery Charger: Yes
BC Brand: Guest
BC Battery Type: Lead Acid
BC Output Amps: 6 a
BC Input Volts & Hertz: 120/60
Cold Weather Package: No

CONTROL

Genset Controller: Intellite NT Digital Controls
Analog Gauges and Meters: Yes
Controller Voltage Adjustment: Yes
Controller Speed Adjustment: No
Controller Low Coolant Level: No

ENCLOSURE

Enclosure Option: Industrial Towable (TS)
Enclosure material: Steel - Powder Coated
Enclosure color: Baldor Red -R1B
Enclosure Logo: Standard Baldor Logo
Enclosure Hardware Kit: Yellow Zinc HW Pad-lockable G1
Trailer Brake System: Hydraulic
Trailer Capacity: Standard Genset Capacity
Trailer Capacity for Model: 5000 LB

VEHICLE #: 918

Trailer Length:	Standard Length
Trailer Length for Model:	150 IN
Quantity of Axles:	2
Tongue Coupler:	2 inch Ball Type
Lights & Lighting Connection:	Standard
Safety Chains:	Standard Length
Front Jack Stands:	Leveling Jack with Sand Shoe
Rear Mounted Jack Stands:	None
Intregrated Vibro Mounts:	Included

EXHAUST

Exhaust Attenuation Grade:	Critical
Exhaust Mounting Method:	Internal mount for enclosure

FUEL

Fuel Tank Capacity:	Standard Tank Capacity
Standard Tank Capacity:	80
Standard Tank Run Time:	16 hrs
Fuel Tank Type:	XLPE Single Wall Fuel Tank
Fuel Tank Agency Approval:	DOT Approved
Flex Fuel Lines:	Standard
Manual Fuel Primer On Engine:	Included
Engine Primary Filter:	Included
Engine Secondary Filter:	5 Microns
Water Separator On Engine:	Included
Supplemental 30um filt/sep:	No

SPECIFICATION #046 - 150KW MOBILE GENERATOR PACKAGE

2013 Atlas Copco QAS250 ; 2013 Baldor TS175T
2013 Caterpillar D150 ; 2013 Godwin 150KW
2013 Tradewinds TP150 ; 2013 Wacker G180

ALL ITEMS FACTORY INSTALLED UNLESS OTHERWISE INDICATED

INSTRUCTIONS: Listed above, you will find the model numbers of the vehicles that will be included in this year's contract.

1. GENERATOR REQUIREMENTS:

- a. Standby duty rated at 150kwe, 187kva, 8 power factor.
- b. Prime power duty rating 135kwe, 168kva, 0.8 power factor.
- c. Main Breaker shall be equipped with shunt trip.
- d. Generator end shall be Direct coupled to the engine flywheel with a flexible coupling.
- e. Generator shall meet performance class G3 of IEC.
- f. Jacket water heater.

2. ENGINE:

- a. 6 cylinder, water cooled, 1800rpm, diesel engine.
- b. Current emission compliant diesel engine.
- c. Spin on fuel and oil filters.

3. VOLTAGE CHANGE OVER SWITCH & DISTRIBUTION:

- a. Manual 3 position voltage change over switch to select each voltage as specified when the unit is not running.
- b. 1ph 120/240, 3ph 120/240, 3ph 120/208, and 3ph 277/480.
- c. A five point connection shall be provided for ease of connection of load leads.
- d. One 50amp, 120/240vac, 1 ph, twist lock receptacle.
- e. One 30amp, 120/240vac, 1 ph, RV type receptacle.
- f. Two 20amp, 120/240vac, 1 ph, duplex receptacle.
- g. Two 20amp, 120/240vac, 1ph, duplex GFI receptacle.
- h. Each receptacle shall be protected by a individual circuit breaker.
- i. A receptacle shall be provided to power both the jacket water heater and on board battery charger.
- j. Two thumb screw type connection points shall be provided for remote auto start.

4. CONTROLS:

- a. Solid state, microprocessor based generator controls.
- b. Controls shall provide all operating, monitoring and control functions for the generator set. Controls shall provide for auto start/stop functions.
- c. A emergency stop push button will be installed.
- d. A voltage adjustment shall be provided in the panel to adjust voltage in all voltage positions.
- e. A switch shall be provided in the panel to turn all power off in the panel if not being used.

5. ENCLOSURE:

- a. Complete diesel engine generator set including control panel, engine starting batteries and fuel tank shall be enclosed in a factory assembled weather protective, sound attenuated enclosure. The sound attenuated enclosure noise level is not to exceed 73 – 75dba @ 21 feet.
- b. Oil and water drain lines shall be provided and extend to the enclosure wall with valves for easy service.
- c. Critical grade silencer.
- d. Companion flanges.
- e. Flexible exhaust-flex.
- f. Keyed alike lockable doors.

6. IN BASE FUEL TANK TRAILER:

- a. Trailer shall be DOT approved with proper serial number data plate indicating weight capacity minimum of 10,000lbs.
- b. Trailer will have dual axles with torque springs to reduce overall height of package.
- c. Standard 7 or 5 pin vehicle hitch receiver to be supplied.
- d. Trailer will have two rear level jacks with sand shoes and front leveling jack.
- e. Trailer will have hydraulic brakes.
- f. Trailer will have all necessary safety equipment to include but not be limited to an adjustable and removable pintle hitch, 30 inch safety chains, fenders, lights per DOT, and break away cable.
- g. Tires will be minimum load range type "D" (8 ply rating) with matching steel rims. Rims are to be finish painted.
- h. Minimum 8 hour capacity at 75% load rating to determine single wall tank size.
- i. A mechanical fuel gauge will be provided.
- j. Locking fuel cap.
- k. Low fuel level alarm.
- l. All necessary vents and caps will be provided along with suction, return, and drain points.

7. BATTERY CHARGER:

- a. Battery will be installed in holding container with battery cables.
- b. Current limiting battery charger to automatically charge batteries.
- c. Charger shall be dual charge rate with automatic switching to boost rate when required.
- d. Charger mounted inside generator set package.
- e. Fully charged battery will be provided at time of delivery and start-up.

8. START UP & COMMISSIONING:

- a. One (1) day start-up including operational test of equipment showing proper connection of cables with safety issues performed by a factory trained technician. The start up technician will instruct personnel how to operate and maintain the equipment in accordance with the manufacturer's requirements.

9. CONDITIONS:

- a. In addition to equipment specified, each generator shall be equipped with all standard equipment as specified by the manufacturer for this model and shall include but not be limited to the following items:
- b. All product shall be new and of current design.
- c. Initial filling of oil and antifreeze. (diesel fuel by others)
- d. During start-up, the technician shall record the following information and provide to owner for his records:
- e. Operating Voltage, Hertz, Phase, and connected load (Amperage). [if any]
- f. Package information consisting of Make of generator (Cat, Wacker, or Tradewinds), Model (TJ125 TP20, DP125, etc.), Serial number of complete package, and Start-up date.
- g. Written Information consisting of make, model, serial number, and start-up date.
- h. Record Engine and Generator Serial numbers.
- i. One complete set of operation and maintenance manuals.
- j. Two (2) year or 1500 hour standard mobile generator warranty will apply. Generator to be transported to authorized servicing dealer for warranty repair during normal business hours.

TERMS, CONDITIONS, AND DISCLOSURES

TERMS

Credit Terms: Standard credit terms are NET-10 days from date of invoice. Merchandise is shipped F.O.B. shipping point and invoices will be generated at that time. Payment is due no later than 10 days from invoice date. Charges not paid within 10 days are considered past due. Past due accounts are subject to suspension and finance charges of 1.5% per month, on the past due balance, with interest charges accruing from the invoice date. Orders over \$50,000 are subject to progress payments of 25% upon order, 65% prior to shipment, and 10% net 10 days from date of invoice. Freight is included only if specifically stated in the quote. If credit cards are used for purchases, then the portion of the purchase amount above \$5,000 is subject to a 3% fee to cover credit card fees.

Payment Terms: quoted terms are subject to Credit Terms contained in the ACF Standby Systems Credit Application documents and this document. (1 1/2% per month will be charged on past due accounts.) In addition, no retainage allowed unless accepted in writing by ACF Standby Systems; not to exceed 10%. Taxes are not included unless specifically stated in the proposal.

Partial shipments: invoiced proportional to total quoted price, payable 10 days after Shipment/ACF Standby Systems invoice.

- **Note:** If your job conditions or schedule result in partial or incomplete shipment of products and equipment provided by ACF Standby Systems, you will be invoiced according to the dollar value of the shipped items. These invoices then become due and payable 10 days after shipment and not when the job is completed.

CONDITIONS OF SALE

- All purchase orders must reference ACF Standby Systems quotation
- All purchase orders must be acknowledged in writing by ACF Standby Systems to be deemed accepted.
- Purchase orders issued with a hold for release date are subject to re-evaluation at the time of release.
- Unless mutually agreed upon in writing, ACF Standby Systems WILL NOT accept purchase orders which:
 - specify delivery dates that are not subject to manufacturer's lead-times
 - contain penalty clauses or liquidated damage clauses
 - require ACF Standby Systems to indemnify and hold harmless the purchaser, unless the purchaser also agrees to indemnify and hold harmless ACF Standby Systems
 - require ACF Standby Systems to pay any and all legal expenses for the purchaser in the event of a dispute
 - require ACF Standby Systems to be responsible for system design work and/or guarantee that a performance standard for a system will be met
 - require completion and acceptance of the project by the owner before payment
- Start and Test may be invoiced separately at your request, but subject to ACF Standby Systems partial invoicing policy above
- Storage fees may be assessed if job site is not able to accept delivery on the requested date.
- Initial Startup, Test, and Specifications are as specified in the proposal

DISCLOSURES

Deliveries: Offloading, placement and Anchoring of the goods shall be solely customer responsibility. All deliveries are Monday through Friday 6AM to 5PM. (Deliveries outside normal business hours will be INVOICED as necessary.)

Permits And Licenses: Permit and license costs (AQMD, Fire, Building, etc.) are not included. ACF Standby Systems, will provide information as necessary for the acquisition of permits and licenses, but does not assume any responsibility for obtaining any permits or licenses which may be required.

Not a Contractor: ACF Standby Systems is a supplier of materials and related services; ACF Standby Systems is not a contractor. ACF Standby Systems will invoice you only for goods which are delivered.

Cancellation: Cancellation charges of 25% will apply if order is cancelled after accepted by ACF Standby Systems.

Legal Remedy: If legal action is instituted to collect amounts owed or to recover materials or supplies purchased, the applicant agrees to pay all reasonable attorney's fees and appellate attorney's fees and costs incurred by ACF Standby Systems. Venue for any litigation (and depositions) between the parties for any claims relating to debt collection for merchandise, supplies, or equipment purchased hereunder, or hereafter, shall be in Hillsborough County only. The parties do hereby waive their right to trial by jury for any litigation arising between the parties and any claims relating to debt collection for merchandise, supplies, or equipment purchased hereunder, or hereafter.

In support of this application, ACF Standby Systems is hereby authorized to obtain credit and/or financial information from my/our bank(s), other financial institutions or commercial firms with whom I/we have done business. It is understood that any such credit and/or financial information will be held in strict confidence and used only in consideration of this application.

Upon approval of this application, it is agreed that all purchases will be paid in full and in accordance with the terms of sale as stated on ACF Standby Systems invoices.

150KW MOBILE GENERATOR PACKAGE SPECIFICATION #46

2013 Baldor TS175T
2013 Tradewinds TP150
2013 Wacker G180

ALL ITEMS FACTORY INSTALLED UNLESS OTHERWISE INDICATED

INSTRUCTIONS: Listed above, you will find the model numbers of the vehicles that will be included in this year's contract.

1. GENERATOR REQUIREMENTS:

- a. Standby duty rated at 150kwe, 187kva, 8 power factor.
- b. Prime power duty rating 135kwe, 168kva, 0.8 power factor.
- c. Main Breaker shall be equipped with shunt trip.
- d. Generator end shall be Direct coupled to the engine flywheel with a flexible coupling.
- e. Generator shall meet performance class G3 of IEC.
- f. Jacket water heater.

2. ENGINE:

- a. 6 cylinder, water cooled, 1800rpm, diesel engine.
- b. Current emission compliant diesel engine.
- c. Spin on fuel and oil filters.

3. VOLTAGE CHANGE OVER SWITCH & DISTRIBUTION:

- a. Manual 3 position voltage change over switch to select each voltage as specified when the unit is not running.
- b. 1ph 120/240, 3ph 120/240, 3ph 120/208, and 3ph 277/480.
- c. A five point connection shall be provided for ease of connection of load leads.
- d. One 50amp, 120/240vac, 1 ph, twist lock receptacle.
- e. One 30amp, 120/240vac, 1 ph, RV type receptacle.
- f. Two 20amp, 120/240vac, 1 ph, duplex receptacle.
- g. Two 20amp, 120/240vac, 1ph, duplex GFI receptacle.
- h. Each receptacle shall be protected by a individual circuit breaker.
- i. A receptacle shall be provided to power both the jacket water heater and on board battery charger.
- j. Two thumb screw type connection points shall be provided for remote auto start.

4. CONTROLS:

- a. Solid state, microprocessor based generator controls.
- b. Controls shall provide all operating, monitoring and control functions for the generator set. Controls shall provide for auto start/stop functions.
- c. A emergency stop push button will be installed.
- d. A voltage adjustment shall be provided in the panel to adjust voltage in all voltage positions.
- e. A switch shall be provided in the panel to turn all power off in the panel if not being used.

5. ENCLOSURE:

- a. Complete diesel engine generator set including control panel, engine starting batteries and fuel tank shall be enclosed in a factory assembled weather protective, sound attenuated enclosure. The sound attenuated enclosure noise level is not to exceed 73 – 75dba @ 21 feet.
- b. Oil and water drain lines shall be provided and extend to the enclosure wall with valves for easy service.
- c. Critical grade silencer.
- d. Companion flanges.
- e. Flexible exhaust-flex.
- f. Keyed alike lockable doors.

6. IN BASE FUEL TANK TRAILER:

- a. Trailer shall be DOT approved with proper serial number data plate indicating weight capacity minimum of 10,000lbs.
- b. Trailer will have dual axles with torque springs to reduce overall height of package.
- c. Standard 7 or 5 pin vehicle hitch receiver to be supplied.
- d. Trailer will have two rear level jacks with sand shoes and front leveling jack.
- e. Trailer will have hydraulic brakes.
- f. Trailer will have all necessary safety equipment to include but not be limited to an adjustable and removable pintle hitch, 30 inch safety chains, fenders, lights per DOT, and break away cable.
- g. Tires will be minimum load range type "D" (8 ply rating) with matching steel rims. Rims are to be finish painted.
- h. Minimum 8 hour capacity at 75% load rating to determine single wall tank size.
 - i. A mechanical fuel gauge will be provided.
 - j. Locking fuel cap.
 - k. Low fuel level alarm.
 - l. All necessary vents and caps will be provided along with suction, return, and drain points.

7. BATTERY CHARGER:

- a. Fully charged battery will be provided at time of delivery and start-up.
- b. Charger mounted inside generator set package.
- c. Charger shall be dual charge rate with automatic switching to boost rate when required.
- d. Current limiting battery charger to automatically charge batteries.
- e. Battery will be installed in holding container with battery cables.

8. START UP & COMMISSIONING:

- a. One (1) day start-up including operational test of equipment showing proper connection of cables with safety issues performed by a factory trained technician. The start up technician will instruct personnel how to operate and maintain the equipment in accordance with the manufacturer's requirements.

9. CONDITIONS:

- a. Two (2) year or 1500 hour standard mobile generator warranty will apply. Generator to be transported to authorized servicing dealer for warranty repair during normal business hours.
- b. One complete set of operation and maintenance manuals.
- c. Record Engine and Generator Serial numbers.
- d. Written Information consisting of make, model, serial number, and start-up date.
- e. Package information consisting of Make of generator (Cat, Wacker, or Tradewinds), Model (TJ125 TP20, DP125, etc.), Serial number of complete package, and Start-up date.
- f. Operating Voltage, Hertz, Phase, and connected load (Amperage). [if any]
- g. During start-up, the technician shall record the following information and provide to owner for his records:
- h. Initial filling of oil and antifreeze. (diesel fuel by others)
- i. All product shall be new and of current design.
- j. In addition to equipment specified, each generator shall be equipped with all standard equipment as specified by the manufacturer for this model and shall include but not be limited to the following items:

FLORIDA SHERIFFS ASSOCIATION, FLORIDA ASSOCIATION OF COUNTIES & FLORIDA FIRE CHIEFS' ASSOCIATION

150KW MOBILE GENERATOR PACKAGE SPECIFICATION #46

2013 Baldor TS175T

The Baldor TS175T purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$59,167.00	\$59,167.00	\$59,167.00	\$59,167.00

While the Florida Sheriffs Association, Florida Association of Counties and Florida Fire Chiefs' Association have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.
