

SIGNATURE GATHERERS URGENTLY NEEDED

to protect Florida's Water, Beaches and Wildlife!

Florida needs your help now. For years, Floridians have worked to keep our streams, springs and lakes clean for people and wildlife, restore treasures like the Everglades, and protect our beaches and shores. Yet deep and continued budget cuts are putting our most cherished waters and lands in serious jeopardy.

State trust funds historically allocated to protecting and restoring critical conservation and restoration efforts will run dry unless voters pass the Water and Land Conservation Amendment. Without the amendment, we could lose much of what makes Florida special.

For twenty years, state revenues from real estate transactions have been directed to protecting important streams, wetlands, forests, and beaches.

But since 2009, the Legislature has slashed funding for conservation programs by 97.5 percent. We simply can't afford to turn our back on the Everglades, neglect water quality in our rivers, lakes and streams, and miss the chance to save Florida's last remaining natural lands.

Help place this important amendment on the November 2014 ballot! Sign up to help gather 500,000 signatures.

PLEASE CALL (850) 629-4656 TO VOLUNTEER. TOGETHER WE CAN:

- Protect and restore clean water in Florida's lakes, streams, rivers and springs.
- Complete the restoration of our magnificent Florida Everglades.
- Conserve natural areas and habitat critical for fish and wildlife.
- Protect our beaches and the special places that are an important part of our natural heritage, economy, and quality of life.

Yes, I want to volunteer!

I will help gather signatures at events and stores.
(80% of signatures come from this type of gathering!)

I'd prefer to gather signatures from friends and family only.
