Dear Hal:

Per our conversation, The City of Hallandale Beach desires to continue to piggyback onto the Palm Beach County Sodium Hypochlorite Bid. As mentioned before all bids require that each entity owns their tanks; however as a mean of keeping all expenditures at a minimum, Allied Universal Corp. will allow you the price of the bid with \$0.01 per gallon added since you lease the tanks and containments from Allied universal corp.

Pricing will be as follows:
\$0.65 per gallon, for full truckloads (minimum 4800 gallons)
\$0.78 per gallon, for less than truckloads (minimum 1000 gallons)

This price is good until September 19, 2014.

If you are in agreement with this and wish to accept this pricing structure, please indicate you acceptance by signing below and faxing a copy back to my attention @ 305-463-8369 or e-mail @ bernieg@allieduniversal.com.

Once your acceptance has been received, the above referenced pricing will be extended in our system.

Thank you for your continued cooperation and consideration.

Respectfully,

ALLIED UNIVERSAL CORPORATION
