Subject: RE: RFP # FY 2006-2007-004 SERVICE AND MAINTENANCE OF VIDEO EQUIPMENT

Ted,

Aware Digital will continue to honor the price model base of 8% for the support (maintenance) agreement as stipulated in the original RFP/contract. The invoice to the City will be calculated at 8% on the invoiced value for the work we completed per project after the first year warranty period has expired. For example, the original RFP did not include the marina, Sunrise or Sunset parks, or the municipal access control system. The cost of these individual projects will be added to the cost of the original RFP. I can have the calculations prepared for you next week.

I look forward to continue to work with your team,

José.

Jose M. Cardoso

Please see #2 below.

Can I get something in writing to cover it?

Ted LaMott
