

CITY OF HALLANDALE BEACH, FLORIDA
MEMORANDUM

4/23/15
To: Chief F.

CITY OF HALLANDALE
CITY MANAGER

DATE: April 16, 2015
TO: TISND Board of Directors
VIA: Renee C. Miller, City Manager
FROM: Dwayne S. Flournoy, Chief of Police *MS FOR*
SUBJECT: Three Islands Safe Neighborhood District Security Services

2015 APR 21 PM 12: 26

During the month of June 2014, a meeting was held at the Venetian Park Townhomes, the Olympus Condominium and the City of Hallandale Beach Cultural Center to discuss the removal of the gate arms from the entrances of the Three Islands Safe Neighborhood District. The initiative to remove the gate arms from the entrances of the District was rejected.

The meetings did reveal that the residents overwhelmingly wanted to discontinue the security services provided by Security Alliance Group Inc. The residents conveyed that the security services added little value from a performance and cost perspective to the overall security plan for the District.

Currently, Security Alliance Group Inc. provides the District with a rover security guard for forty (40) hours a week, fifty two (52) weeks a year at an annual cost of \$39,936.00. The schedule for the rover security guard is from Monday to Friday between 6 am and 2 pm.

The contract between the City and Security Alliance Group Inc. expires on October 1, 2015. However, there is a termination for convenience clause which can be exercised with a thirty (30) day written notice.

On January 21, 2015, the Three Islands Safe Neighborhood District Advisory Board unanimously voted 7/0 to immediately discontinue the security services with Security Alliance Group Inc. Further, the TISND Advisory Board agreed not to replace the security services with an alternative form of security at this time. The TISND Advisory Board agreed to review other security options in the future.
